

This month's newsletter we wanted to share our exciting news. We have moved to our new offices and location. Our address details and contact details can be found on the letterhead above. All the staff at T&W CVS have been busy creating a brand new family zone ready to welcome you all back. Keep an eye out for news of when we accommodate you all back face to face. We also want to invite you in for a look around before we open the doors to Friday drop ins etc. You will see from the images the space and resources we have. We will get a walkthrough video done from bus station to Hazledine house as well to help find us. We feel so privileged to be in the heart of the community and access to so many services which can help and support you in the community and Jane, Sheila, Tracey and myself look forward to joining us soon.

Kindest regards
